EDUCATION

NIMS University Rajasthan, Jaipur

oct 2022 – May 2026

B.Tech in Computer Science

CGPA: 7.6 / 10

HPDs Balika Vidya Mandir, Mathura-Vrindavan

July 2022

12th PCM

Percentage: 79.33%

HPDs Balika Vidya Mandir, Mathura-Vrindavan

July 2020

10th Grade

Percentage: 83.6%

PROJECTS

Personal Portfolio Website — GitHub

- Designed a fully responsive website to showcase skills, projects, and contact information with clean UI/UX flow.
- Includes sections like Home, About, Skills, Projects, and Contact, making navigation simple and user-friendly.
- Built using modern frontend technologies (HTML, CSS, JavaScript) with a focus on smooth animations and mobile-friendly layouts.
- Highlights personal branding with an organized project display and an interactive contact section for easy communication.

Taskify — GitHub

- Built a fully responsive Todo App using React and Bootstrap, focusing on clean UI and smooth task interactions.
- Implemented core features such as add, edit, complete/undo, and delete to streamline daily task management.
- Utilized React's component-based architecture for better code organization, reusability, and maintainability.
- Ensured a seamless user experience across devices with responsive layouts and intuitive controls.

Real Estate — GitHub

- Developed a responsive Real Estate web application using React.js and Bootstrap.
- Implemented property listings, search, and filter functionality for a smooth user experience.
- Integrated React Router for multi-page navigation and a working contact form for inquiries.
- Focused on clean UI/UX and mobile optimization to ensure seamless accessibility across devices.
